

# Magic eWindow Online Safety Competition

The competition this year is to create a 'Magic Window' design within the frame on the back of this message. Imagine that you could do anything or go anywhere on the internet. What would you do? Where would you go? Let your imagination go wild!

Your design could be one large picture to fill the frame or a montage of smaller pictures, logos, emojis, words etc.

You can create your design using pencils, felt pens, paints or collage. Please do it as carefully and neatly as you can and remember to write your full name and class below!

Entries must be given to your class teacher by Friday 24<sup>th</sup> February so that you have until after the holidays to complete your design. The Digital Leaders and teachers will be choosing a winner from each class.

In case you need it, this document is available to download from our website. Go to the Curriculum tab and scroll down to the Online Safety page.

Good luck!
